THE MINISTRY OF THE GABRIELS' FAMILY AND THE DAVISVILLE TEAM IS AN OUTGROWTH OF DAVISVILLE CHURCH. DAVISVILLE'S MISSION PROGRAM AND OUR PERSONAL WEB PAGE CAN BE VIEWED AT <http://www.davisville.org>

### Departure date and our travels ...

We are gearing up for our last two months here in the States before heading back to Cambodia. Sometime early in **December** (we don't have the exact date yet) we will be saying our goodbyes once more and saying our 'hellos' to our Cambodian friends and missionary teammates on the other side of the world. We've loved being able to spend this furlough catching up with so many of you.

Part of catching up has included a trip to the West Coast last month. We enjoyed re-uniting with the Community Baptist Church of San Jose and the board of the Master's Fund, both supporters in the work in Cambodia. A special treat was staying at Jim's sister Julie's house while in California. We also took the opportunity to visit Crater Lake in Oregon and hook up with Carolyn's brother and sister-in-law who came down from Seattle. We're so thankful for these connections!

*Check out our furlough pics and trip to the west coast on our web page.*

Above: Our friends from CBCSJ.  
Right: Robert and Carey Morrison, board members and friends from the Master's Fund.

### Have you heard about our ministry yet?

**October 24, Saturday evening, 7pm at Davisville church** we will give a presentation about what we've been doing the last 3 years and what we plan to do once we return. If we haven't shared enough details with you yet, or you just want a little bit more :-), please plan to join us that evening.

### Team Building ...

Our PV team, Joel Stewart, Susan Kana and ourselves, will be gathering for some focused team building time the week of **October 19-23**. This time will be significant in bonding our team together for the challenging work ahead in Preah Vihear. We would ask you to PLEASE uphold our team in prayer that week. We're asking God to enable us to grow deeper in our relationships with one another, to discuss expectations, and determine how best to move forward in the ministry in unity.

Our PV team at Sacandaga camp in NY. We missed Meghan that week as she spent the week with her good friend Charis Martin at the NJ shore.

### Preah Vihear (PV) ministry update:

While we are gone from PV, please pray for ...

- Pu Rut and Halo, the CCH leaders as they teach through 1&2 Timothy and 1&2 Peter.
- Reap and Roath, leaders in training, who are establishing outreach in more remote areas of the province.
- For the young couples of the church just beginning to walk together with Christ.
- The young women who are beginning ministry endeavors on their own.

Would you like more prayer fuel? We have a 12 page pictorial prayer guide focused on the ministry in PV and points for prayer. Lots of pics! Please write us and let us know if you'd like us to send you one.
